

BATS CHI-X EUROPE ADDS MORE CUSTOMERS TO BXTR TRADE REPORTING SERVICE

More Than Ten Firms Join "BXTR" in First Six Months of Full Operation

LONDON – 2 July 2014 – BATS Chi-X Europe, Europe's largest stock exchange, has added further customers to "BXTR", the exchange's market-leading suite of on- and off-exchange trade reporting services. The service, which covers more than 11,800 reportable securities, has captured significant market share since its launch in November 2013, with an average €14.7bn reported each day.

Amongst our new BXTR participants are:

- Deutsche Bank
- Instinet
- KCG
- Liquidnet

These firms join the initial customers who joined the BXTR service when it launched six months ago – Bank of America Merrill Lynch, Citigroup, Credit Suisse, JPMorgan, Morgan Stanley and UBS.

Mark Hemsley, CEO of BATS Chi-X Europe said: "The support of our customers for BXTR, and the strength of our pipeline, is a clear indication of the quality of the service provided."

"With over €308bn reported to BXTR in June, the service provides an invaluable insight into the way the modern European marketplace moves and we will be further refining the picture of what constitutes truly addressable liquidity through the FIX Trading Community Market Model Typology (MMT) standard."

BATS Chi-X Europe remains on track with plans to standardise all BXTR OTC data using the [MMT standard](#), which is already in use for on-book trading.

BXTR trade reports can be accessed on Bloomberg and Thomson Reuters. Information is available at [BXTR on Bloomberg](#) and [BXTR on Thomson Reuters](#).
