

Semi-Annual Account Administrator Attestation

Reference ID: C2018060400

Overview

Effective starting **July 1, 2018**, Cboe Global Markets will begin performing a semi-annual validation to confirm customer's designated Account Administrators are accurate and up to date. A weekly reminder email will be sent to each Account Administrator starting four weeks prior to the attestation deadline. Only one Account Administrator is required to complete the attestation for each firm, and once completed, the reminder emails will cease. If the attestation has not been completed by the deadline, then all Account Administrator privileges will be removed for the firm, and the firm will be required to work with Cboe Membership Services to setup new Account Administrators.

The first attestation deadline will be **Sunday, July 29, 2018**. The first of the weekly reminder emails will be generated on **Sunday, July 1, 2018**.

Additional Information

We appreciate your continued support and will work hard every day to keep earning your business by powering your potential to stay ahead of an evolving market. As always, we are committed to our customers and to making markets better as your partner in trading.
